

Actividad No. 6, Semana 3

Erwin Navas 1067422

The screenshot shows a web browser window with the Brilliant.org website. The browser's address bar displays the URL <https://brilliant.org/courses/computer-science-algorithms/algorithmic-complexity/>. The website's navigation bar includes the Brilliant logo, links for Home, Courses, and Classroom, and a search bar. The main content area is titled 'Computer Science & Programming' and features a section for '2.2 Introduction to Algorithms' at 'LEVEL 2', which includes a progress bar and the text 'Learn how to make a computer do what you want, elegantly and efficiently.' Below this, it indicates '15 Lessons'. To the right, the 'Algorithmic Complexity' section is highlighted with a green checkmark and the number 5. This section lists three topics, each with a green checkmark: 'Correctness', 'Termination', and 'Variants'.
